Biographical Sketch

Dr. Tony D. Johnson serves as President and CEO for Captivate Perspectives and Chancellor for The Institute for Lifelong Learning & Workforce Innovation. In this role Dr. Johnson is responsible for planning, development, implementation of the organization's education and training, project management, operational and fiscal functions and performance; acts as a strategic partner by developing and implementing the company's plans and programs; analyzes and makes recommendation on the impact of long-range growth initiatives, planning, and introduces new strategies and regulatory actions; develops credibility and authority for the finance leadership team by providing accurate analysis of budgets, reports and financial trends and operational procedures.

Dr. Johnson also implements, and enforces policies and procedures of the organization that will improve operational and financial effectiveness of the company; communicates effectively and establish credibility throughout the organization as an effective; develops solutions to business challenges; provides expert financial guidance and advice to others within executive leadership; improves the planning and budgeting process on a continual basis by educating departments and key members of corporate leadership; provides strategic input and leadership on decision making issues affecting the organization; specifically relating to the evaluation of potential mergers, acquisitions or partnerships; optimizes the handling of relationships to foster and grow strategic partnerships; acts as a strategic advisor and consultant offering expert advice on contracts. In his previous roles he led the work for overseeing planning, implementation of workforce education programs, budgeting and finance, public relations and coalition-building. In addition, he has led public education policy advocacy in the areas of early childhood, K-12, at-promise youth, workforce programs and higher education.

Dr. Johnson also has experience implementing accountability systems and managed over $35 million in funds to support students, educators, overseeing programs that support college students, middle and high school students, children with special needs, and engaged stakeholders and prepared students for success both within and beyond the classroom. Dr. Johnson began his career as an alternative education teacher, since that time Dr. Johnson has worked in a wide range of leadership positions in education for over 20 years. He has dual Bachelor of Science degrees in Political Science and Criminal Justice, a Master of Science degree in Public Administration & Public Policy and a Doctorate in Educational Leadership, Policy & Evaluation.

Dr. Johnson has served as Provost, Chief Academic Officer, and Vice President for Partnerships, Dean, Career and Technical Education Director, Chief for State-Managed Schools, Associate Director, Senior Director of Programs and Training, Assistant Vice-President and Chief Academic Officer, interim Deputy Assistant Superintendent, Associate Dean, Senior Education Consultant, Executive Director and Chief of School Supports, Field Experience Coordinator, Turnaround High School Principal, Pre-Service Teacher Education Coordinator, Principal and Executive Director of Community-Based Programs. Alternative Education Teacher, and High School Intervention Teacher among other roles.

He has classroom-based experiences and educational leadership. Additionally, he taught in the Colleges of Education and School of Arts & Sciences at Florida State University, Florida A&M University, George Washington University, Barry University, Strayer University and Westwood College. He has successfully administered programs in Washington DC, Maryland, Virginia, Florida, Illinois, and South Carolina. His primary areas of professional interests include urban school-turnaround strategies, African-American male achievement, supports of first-generation college students, and urban school fiscal stewardship and capacity. Dr. Johnson lives in the Washington D.C. metro area.

Education & Certifications

Dr. Tony D. Johnson's academic foundation reflects a deep commitment to public service, educational leadership, and policy practice, providing the scholarly underpinning for his extensive professional work. He holds dual Bachelor of Science degrees in Political Science and Criminal Justice, equipping him with a multidisciplinary perspective on governance, social systems, and community engagement. He further advanced his expertise with a Master of Science in Public Administration and Public Policy, where he developed analytical and strategic capacities essential for effective organizational leadership and systems reform. Dr. Johnson culminated his formal education with a Doctor of Education in Educational Leadership, focusing on transformative practices within education and workforce systems that foster equity and measurable impact

Training, Speaking & Coaching Topics

Dr. Tony D. Johnson is an in-demand speaker who delivers powerful, thought- provoking presentations on a wide range of topics related to education, workforce development, leadership, and public policy. Below is an expanded list of his speaking topics, reflecting the breadth of his expertise and experience:

Artificial Intelligence User Tools & Prompt Engineering

Dr. Tony D. Johnson has delivered Artificial Intelligence User Tools and Prompt Engineering workshops and conference sessions focused on practical, ethical, and results-driven applications of AI across education, workforce development, and organizational settings. These sessions equip participants with hands-on skills to effectively use generative AI tools, design high-quality prompts, automate workflows, enhance decision-making, and improve productivity while maintaining data privacy and responsible use standards. Grounded in real-world use cases, Dr. Johnson's instruction demystifies AI, enabling educators, professionals, and leaders to confidently integrate AI tools into daily practice to drive innovation, efficiency, and measurable impact.

Teacher Professional Development

Dr. Tony D. Johnson has delivered comprehensive Teacher Professional Development sessions designed to strengthen instructional practice, leadership capacity, and student outcomes across diverse learning environments. His professional development workshops focus on evidence-based instructional strategies, classroom management and behavior modification, social-emotional learning and trauma-informed practices, culturally responsive pedagogy, career readiness integration, and the effective use of technology and AI to support student learning. These sessions are highly interactive and practice-oriented, equipping educators with actionable tools, frameworks, and resources they can immediately apply to enhance teaching effectiveness, improve school climate, and support whole-child development.

Educator & Leadership Institutes

Dr. Tony D. Johnson has led and presented Educator and Leadership Institute programs designed to build instructional excellence, leadership capacity, and organizational effectiveness across K–12, higher education, and professional learning environments. These institutes provide intensive, cohort-based learning experiences that focus on instructional leadership, systems thinking, equity-centered practice, change management, and performance improvement. Through structured curricula, applied learning, and collaborative peer engagement, Dr. Johnson equips educators and leaders with the knowledge, tools, and strategies needed to lead high-impact initiatives, strengthen institutions, and drive sustainable improvement at the classroom, organizational, and systems levels.

Leadership Development & Coaching

Dr. Tony D. Johnson has delivered Leadership Development workshops, trainings, and conference presentations focused on cultivating effective, ethical, and results-driven leaders across education, workforce, nonprofit, and public-sector settings. These sessions emphasize self-awareness, emotional intelligence, strategic thinking, decision-making, and adaptive leadership in complex environments. Through applied frameworks, case studies, and interactive learning experiences, Dr. Johnson equips emerging and experienced leaders with practical tools to lead with clarity, accountability, and purpose while driving organizational performance, change, and sustainable impact.

Training, Speaking & Coaching Topics

Workforce Intermediary

Dr. Tony D. Johnson has delivered Workforce Intermediary-focused workshops, trainings, and conference presentations centered on building effective bridges between employers, education providers, workforce systems, and jobseekers. These sessions address the design and management of workforce intermediary models, sector partnerships, employer engagement strategies, career pathways, and performance measurement aligned with public and private funding requirements. Drawing on extensive experience in workforce systems development, Dr. Johnson equips practitioners and leaders with practical frameworks to align talent pipelines with labor market demand, improve employment outcomes, and advance equitable access to education and career opportunities.

Apprenticeships, Fellowships & Internships

Dr. Tony D. Johnson has delivered workshops, trainings, and conference presentations focused on the design, implementation, and scaling of Apprenticeships, Fellowships, and Internship programs across education, workforce, and public-sector systems. These sessions address program development, employer partnerships, competency-based learning, participant recruitment and retention, compliance and funding alignment, and outcome tracking. Grounded in best practices and real-world implementation, Dr. Johnson equips educators, workforce practitioners, and employers with practical frameworks to create high-quality experiential learning pathways that strengthen talent pipelines, support career mobility, and meet current and future workforce needs.

Crime Prevention & Mitigation Strategies

Dr. Tony D. Johnson has delivered Crime Prevention and Mitigation expert workshop sessions focused on proactive, community-centered strategies that address the root causes of crime and violence. These workshops emphasize prevention through education, workforce pathways, trauma-informed engagement, and cross-sector collaboration, equipping practitioners, community leaders, and policymakers with practical tools to reduce risk factors, strengthen protective supports, and implement sustainable intervention models. Drawing on data, policy insight, and on-the-ground experience, Dr. Johnson's sessions highlight effective approaches to violence prevention, youth and adult reengagement, and systems coordination that promote safer, more resilient communities.

Corrections Education & the Reintegration of Returning Citizens

Dr. Tony D. Johnson has delivered Corrections Education and Returning Citizen Reintegration workshops and conference presentations focused on education, workforce readiness, and successful reentry. These sessions address the design and implementation of correctional education programs, credential attainment, career pathways, and wraparound supports that reduce recidivism and promote long-term stability. Grounded in trauma-informed, equity-centered, and systems-based approaches, Dr. Johnson's work equips educators, corrections professionals, workforce practitioners, and community partners with practical strategies to support returning citizens in transitioning successfully into education, employment, and civic life.

Business & Entrepreneurship

Dr. Tony D. Johnson has delivered Business and Entrepreneurship-focused workshops, trainings, and conference presentations that support aspiring entrepreneurs, small business owners, and organizational leaders. These sessions address business formation, strategic planning, financial literacy, leadership development, innovation, and sustainable growth, with particular emphasis on mission-driven and minority-owned enterprises. Drawing on executive and advisory experience, Dr. Johnson provides participants with practical tools and frameworks to build scalable business models, strengthen operational capacity, access partnerships and capital, and navigate the regulatory and competitive landscapes required for long-term success.

Training, Speaking & Coaching Topics

Professional Development & Training

Dr. Tony D. Johnson has delivered Professional Development and Training sessions that strengthen individual capability, organizational performance, and leadership effectiveness across education, workforce, nonprofit, and public-sector environments. These engagements focus on skills advancement, leadership development, change management, communication, program and project management, and continuous improvement practices. Grounded in adult learning principles and real-world application, Dr. Johnson's training equips participants with practical tools, frameworks, and strategies that can be immediately applied to improve performance, build high-performing teams, and support sustainable organizational growth.

Life & Career Coaching

Dr. Tony D. Johnson has provided Life and Career Coaching services and presentations focused on helping individuals clarify purpose, strengthen self-awareness, and achieve sustainable personal and professional growth. His coaching approach integrates goal setting, mindset development, leadership identity, and career navigation strategies, supporting clients across education, career transition, entrepreneurship, and executive leadership pathways. Through structured coaching engagements and facilitated sessions, Dr. Johnson equips participants with practical tools to overcome barriers, align values with action, and make informed decisions that advance long-term success and fulfillment.

Addiction Recovery

Dr. Tony D. Johnson has facilitated Addiction Recovery-focused professional development and workshop sessions centered on holistic, trauma-informed, and recovery-oriented approaches. These sessions address substance use disorders through prevention, early intervention, and sustained recovery supports, emphasizing the integration of behavioral health, workforce reentry, case management, and community-based resources. Drawing on systems-level experience, Dr. Johnson equips practitioners, educators, and community leaders with practical strategies to support individuals in recovery, reduce stigma, strengthen protective factors, and build coordinated pathways that promote long-term stability, wellness, and reintegration into education, employment, and community life.

Black Males Programming (Mentoring, Education, Conferences)

Dr. Tony D. Johnson has led and presented Black Males Programming initiatives through mentoring, education, and conference-based engagements focused on empowerment, achievement, and leadership development. These programs address academic success, identity development, social-emotional wellbeing, career readiness, and workforce pathways, while intentionally confronting systemic barriers that impact Black males across the lifespan. Through culturally responsive mentoring models, educational workshops, and national and regional conference presentations, Dr. Johnson equips participants and stakeholders with evidence-based strategies and practical tools that promote resilience, positive outcomes, and sustained advancement for Black men and boys.

Educational Leadership in K12, Post-Secondary, Workforce Development & Corrections Education

Dr. Johnson has vast experience leading educational initiatives across multiple sectors. His insights into creating systemic change in K-12 education, post- secondary institutions, workforce development programs, and U.S. corrections systems are invaluable for educators, policymakers, and community leaders. He discusses the intersection of education and public policy, the role of leadership in transforming these sectors, and strategies for improving educational access and outcomes for underserved populations.

Training, Speaking & Coaching Topics

Capacity Building

Dr. Tony D. Johnson has delivered Capacity Building workshops and advisory sessions designed to strengthen the infrastructure, effectiveness, and sustainability of organizations across the nonprofit, education, workforce, and public sectors. These engagements focus on organizational development, governance, strategic planning, financial management, compliance, performance measurement, and staff development. By combining systems thinking with practical implementation, Dr. Johnson equips leaders and teams with the tools and frameworks needed to scale impact, improve operational efficiency, and build resilient organizations capable of achieving long-term mission and performance goals.

Contracts, Grants Management & Compliance

As an expert in managing large-scale educational projects, Dr. Johnson offers deep insights into contracts, grants management, and compliance. He speaks on how to effectively navigate the complexities of funding for education and workforce development initiatives, ensuring that organizations comply with regulations while achieving their goals.

Project Management

With a wealth of experience managing large projects across various sectors, Dr. Johnson provides strategies for effective project management. He discusses methods for planning, executing, and evaluating projects to ensure timely delivery and measurable success.

Strategic Planning

Strategic planning is essential for any organization looking to achieve long- term goals. Dr. Johnson discusses how to develop and implement successful strategic plans, focusing on aligning resources, setting clear objectives, and adapting to evolving challenges in education and workforce development.

Dr. Johnson in the Media

Dr. Tony D. Johnson's professional thought leadership is reflected in a sustained body of published works, invited features, recorded sessions, and conference presentations that collectively document his influence across education reform, workforce development, leadership, and equity-centered innovation. His magazine publications and digital features position him as a nationally and internationally recognized executive and education leader, highlighting his work in transforming learning ecosystems, advancing inclusive leadership models, and driving systems-level impact through Captivate Perspectives and affiliated initiatives. These publications serve not only as professional recognition but also as practical contributions to the broader discourse on innovation, digital transformation, and human-centered leadership in education and workforce systems.

Complementing his written work, Dr. Johnson's recorded presentations, keynote addresses, and conference sessions capture his applied expertise and reflective practice in real-world settings. Through panels, interviews, and formal conference engagements, he has addressed critical topics including post-pandemic education reform, trauma-informed practice, collaborative learning models, leadership excellence, and culturally responsive support for youth and emerging leaders. These recordings and presentations demonstrate his ability to translate research, policy, and lived experience into actionable insights for educators, policymakers, and organizational leaders, reinforcing his role as a trusted voice in national and global education and workforce conversations.
